

MEET THE PROS

ROB YEE is the Director of High Performance Tennis at Weymouth Club, where he has been coaching for over 10 years. PTR and USTA High Performance certified, he coaches players of all levels, including **professional**. His junior students have achieved significant national rankings in their divisions, as high as #9. An alumnus of Colby College, Rob currently coaches collegiate players from Michigan, Dartmouth, James Madison, Bowdoin, and more.

NICK GUNTHER is the WC Cardio Tennis Director. He played college tennis at Virginia Wesleyan University, starting all four years. Having graduated with a degree in Psychology, he plans to go back to school for Sports Psychology so that he can work with younger players to help develop their mental game.

LUIS GONZALEZ KOMPALIC also played at Colby College, where he captained the team for two years. Originally from Venezuela, he has trained under various coaches around the world including Neville Godwin, a top ATP coach who has worked with Kevin Anderson and Reilly Opelka.

ELENA ANTHONY is a former WTA-ranked player who also played Division I tennis at Eastern Tennessee State University. She was ranked as high as #240 in the world for Juniors. Currently, she trains her 11-year-old daughter, Chloe, who is the top-ranked 12-and-under girl in New England and inside the top 20 in the U.S.

TESTIMONIAL

"I have been training at Weymouth Club for 10+ years and it has allowed me to become a strong Division I college tennis player. Training at WC has promoted a lot of growth, both as a tennis player and an individual. The coaches care deeply about the players and can develop them while improving the group as a whole. They care about tennis, but they care more about everyone as a person, and that makes a world of difference!"

-Lexi Dewire, Dartmouth '24

Our High-Performance Summer Tennis Program is designed for advanced players looking to refine their skills, elevate their game, and compete at the highest level. This program caters to highly motivated athletes with significant experience in competitive tennis, including those competing in USTA/ITF tournaments, college tennis, and top-level high school tennis.

Participants will train under the guidance of top-tier coaches with professional playing experience and proven success in coaching elite athletes. Our coaching staff includes former college players with experience coaching all the way up to the professional level.

The program focuses on advanced techniques, tactical strategy, mental conditioning, and peak physical performance. Sessions include intensive drills, match play analysis, strength and agility training, and personalized feedback tailored to each player's goals.

This immersive experience fosters a competitive, yet supportive environment, pushing players to reach their full potential and prepare for the rigors of elite competition.
